

“We Have Spirit How About You!”

If you happen to visit Northern Elementary School and you see students and team members with bright pink hair, dressed in the same clothes or wearing funky hats don't worry it's just a Northern Spirit Day! Each month the principal, Mrs.

Sharpe chooses a day to show some fun school spirit. Spirit days are scheduled to help build community and belonging within the Northern Elementary School. It gives the students a chance to come together and show their enthusiasm for the school that they attend. Spirit days allow students and team members the opportunity to let off a little steam from the academic pressures. It's important that the Northern students feel welcomed in their school and see their teachers participating in fun activities like spirit days! January's spirit day was PJ day where the Northern School community wore their PJ's to school for the day. It was great fun to see everyone all dressed up in their PJ'S and showing their school spirit! So please do not be alarmed if the principal strolls by with her PJ'S on, the students are sporting blue hair or team members are wearing cowboy hats....it's just another Northern Spirit Day!
