

# Lonsdale Showcase

## 'Stay-cation' Spirit Week

As many know, this was the district's first year without a full week of vacation in February. Our fifth graders decided to design a week full of daily themes and learning fun for all students the week of February 20th. Students met with their teachers and decided to come up with some daily themes, culminating with a *Community Meeting* which showcased the talents of some of our fifth graders. Everyone enjoyed our "Stay-cation Spirit Week" which included themes for each day: Duct Tape Day, Fashion Disaster Day and our Academy Awards Day. In addition to our theme days, fifth graders 'surprised' students in all grades by visiting classrooms each day to play some educational games with fellow schoolmates. We thank our students for their wonderful ideas and hard work as they made our week so enjoyable for all!

Students and staff enjoyed 'accessorizing' their clothing with duct tape.

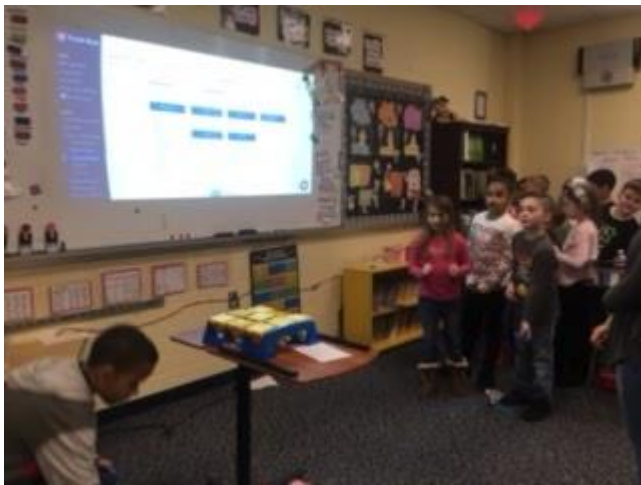

Our fifth graders visit a first grade classroom to play Bingo! Youngsters had to sort and write words using a variety of letters throughout the game.

Fashion Disaster Day brought a collection of mismatched outfits and unforgettable hairdos!

These 'spirited' fifth graders enjoyed the beautiful weather during recess. It was a perfect 70 degree February day! Students were required to design collaborative, inclusive games for others to play.

Second grade students enjoyed using technology to play a fun game with our fifth graders.

Our Community Meeting showcased some “award-winning” performances by our fifth grade students. We all were impressed by the variety of talents our Lonsdale fifth graders possess!

Our fifth graders enjoyed reading books to younger schoolmates.
