

**LONSDALE ELEMENTARY SCHOOL
Dixieland Pops Concert**

On December 21, Lonsdale hosted a concert of the Dixieland Pops Band. The group of 5 seniors put on a show we won't soon forget! The gentlemen showcased their talents on the banjo, the clarinet, the trumpet, the trombone, the drums and the upright bass.

The gentlemen boasted about their ages and amazed the students with their individual talents. The eldest of the group, Pops Pitcharelli, is 91 years old! He showcased a solo on his banjo that left the crowd cheering with excitement.

Students got a chance to sample the instruments and showed some possible future talents, especially on the trombone!

After students and faculty enjoyed the holiday tunes, the teachers and principal got up to lead a parade around the community room while playing other instruments such as the tambourine. You can guess that the students enjoyed that tremendously!

This was a concert Lonsdale students and faculty will remember for a long time. A warm thank you goes out to the Lonsdale Parents and Teachers group for sponsoring the event and for continuing to bring enriching opportunities to the students of Lonsdale Elementary School.
