

Dear Parents & Students: We have definitely learned a lot this past week. Teachers will use the following schedules to prevent having live virtual teacher sessions conflict with one another. Each team or related arts teacher will communicate specific details for the week. We will be conscious of how many live classes we offer any given day. Parents & students can use this schedule as guidance for how to set up your day. We know individual family dynamics will factor in here and we will do all we can to be supportive and flexible. The Open Time block is for parents and students to have control over additional support or just time away from scheduled requirements. The schedules were designed with all families in mind! We are also continuing to work on calibrating workload, flexibility of work completion and efficiency of communication. *Sincerely, James*
